

STUDY AT EURECOM

TAKE YOUR CAREER
TO THE UPPER LEVEL!

**A leading school
at the heart of the digital
society in Sophia Antipolis**

Graduate School and Research Center
in Digital Science

EURECOM an **international Consortium**

Graduate school in France owned
and administered by a consortium
of international universities and companies.

Academia

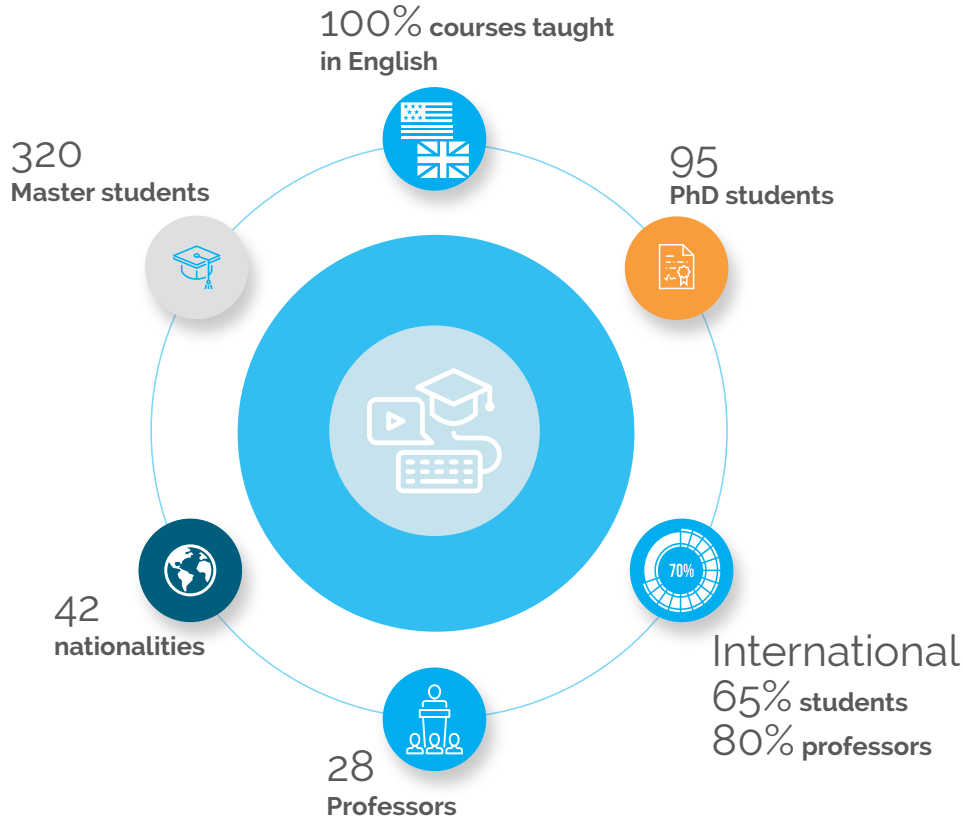

Industry and institution

EURECOM

An international environment to build a brilliant career!

EURECOM, IN THE TOP 18 CENTRES OF TRUSTWORTHY
ARTIFICIAL INTELLIGENCE RESEARCH

3 flourishing fields

DATA SCIENCE

- Deep learning & Statistical Modelling
- Large Language Models, Natural Language Processing
- Medical Imaging & AI for Health
- Information Extraction, Information Quality & Knowledge Management
- Data Management Systems
- Novel Hardware for Computation & Storage
- Acceleration Algorithms for Bioinformatics & Biostatistics

DIGITAL SECURITY

- System & Software Security
- Cryptography & Privacy-enhancing technologies
- Biometrics & Digital Media

COMMUNICATION SYSTEMS

- Mathematical tools for Telecommunications
- Algorithms and Performance analysis
- Signal and Information Processing
- Network engineering
- Software for Telecommunications and Networks
- Cloud and Edge Computing xG (3GPP) Systems
- Internet of Things (IoT)
- Usages and Vertical Industry integration (transportation, private networks, control)
- Contribution to Standards (3GPP, ETSI, O-RAN, ITU, IEEE)

EURECOM

“Campus SophiaTech”

a brand campus dedicated to ICST at the heart of Sophia Antipolis, a world reference in terms of innovation, research and development

Europe's leading science and technology park

2,500 companies

41,300 jobs

4,500 researchers

5 500 students

80 nationalities

Hands-on

Approach...

...Enhanced employability

Balanced approach between theoretical courses and supervised sessions in labs

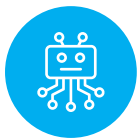

Guest speakers from the industry

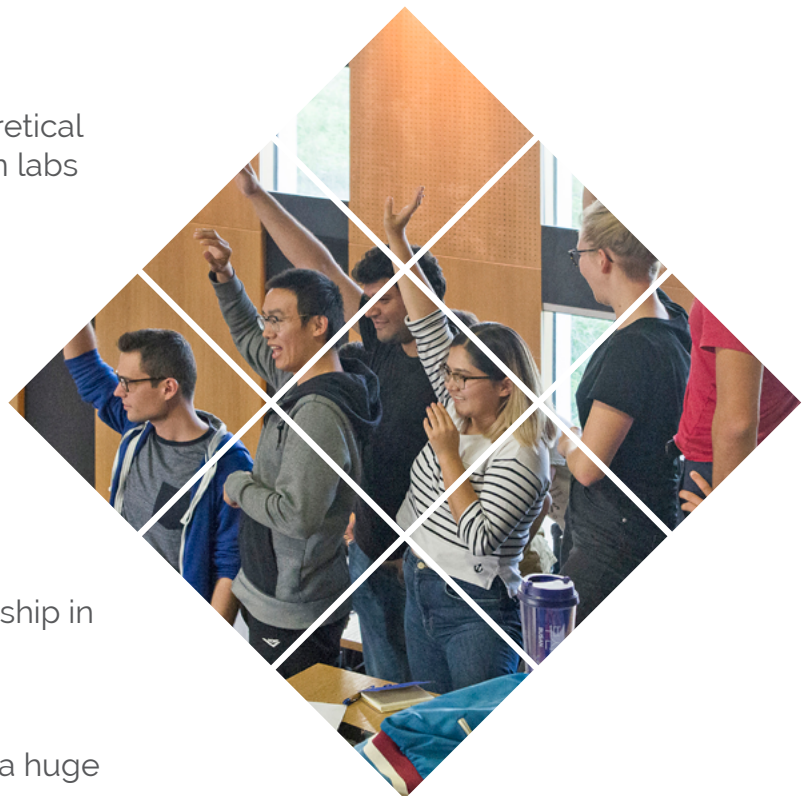

Long semester projects on relevant topics

6-month paid master thesis/internship in a company or lab

EURECOM provides students with a huge database of internship opportunities thanks to its large network of partners and its Alumni worldwide.

EURECOM

Offers

4 Masters of Science in Booming Fields

Come and study cutting-edge 4 Masters of Science Degrees taught by internationally renowned experts in high rate employment sectors.

MSC Computer Science

- Data science and engineering
- Digital security

MSC Network and Telecommunication

- Intelligent communication systems
- Internet of things

100% TAUGHT IN ENGLISH

EURECOM -5

Get a competitive edge with our

Post Master

Security in computer systems and communications

Engineering Degree in three years

Accredited by the French State and the CTI, the official French accreditation body of engineering studies

European Double Master Degrees

with partner universities

EDHEC-EURECOM

engineer-manager double degree

Some of the top companies offering internship opportunities to our Master & Post Master students:

DLR, NXP, Magnetti Marelli, PSA, KMPG, Delivery Hero Germany, Technicolor, HP, Nokia, CEA, Accenture

Flexible and Relevant Curriculum

FLEXIBILITY

Students get enough time to make the right choice of courses, they can attend the first course and confirm later.

RELEVANCE

Many elective courses allow students to design their own curriculum.

MULTI-DISCIPLINARY

The whole course catalog is open to exchange students, they can select any technical courses from the three departments.

DOUBLE COMPETENCE

Skills in Business, Innovation, Project Management, soft skills...
Engineer-manager double degree with EDHEC Business School.

Innovative

Learning Methods

- Use of customized platforms
Cloud platform Zoe - 5G OpenAirInterface
- Use of cutting-edge software (Jupyter...)
- Students encouraged to participate in Hacking Challenges (cf: CTF Team in Digital Security)

Individual assistance for each student **at all stages of the studies**

Feeling comfortable in a new environment is a key to successful studies.

EURECOM is a school that offers personalized support at every step of a students' life such as finding housing or dealing with administrative procedures.

EURECOM benefits from a very good professor/student ratio which creates greater proximity.

These ongoing exchanges between students and staff create strong ties, which last beyond the time spent at EURECOM.

[EURECOM Students' Association \(BDE\)](#), with its Board renewed each year, represents the home institutions of all students. They organize all year long events, sports activities, etc...

Administrative assistance:
Health insurance, housing,
bank account...

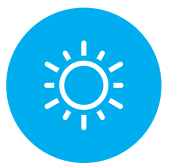

Support in finding
accommodation and internships

CERTIFIED

HappyIndex® AtSchool
2023

Awesome Location in the French Riviera !

Language & **Cultural Training**

A 3-week intensive program of French
in September

Cultural visits and events all year long

Weekly French courses throughout
the academic year

10 top reasons to study at EURECOM

A leading engineering school in the field of ICT linked to top EU Universities

Diplomas internationally recognized

English: language of work and teaching

Flexibility in building curriculum

Strong interaction with industry: Access to a wide range of professional opportunities

Location in Sophia Antipolis: presence of top industrial companies

Teaching by world research leaders in their fields

Unique lifestyle on the French Riviera between mountains and sea !

100% employability 6 months after graduation

Diversity and International environment
