

STUDY
AT EURECOM
**TAKE YOUR CAREER
TO THE NEXT LEVEL!**

Graduate School and Research Center
in Digital Science

EURECOM an international Consortium

“ We are Making **Differents** ”

Graduate school in France owned and administered by a Consortium of International Universities and Companies.

Academia

Industry and institution

EURECOM

Diversity is not the exception, it's the norm

3 flourishing fields

DATA SCIENCE & ENGINEERING

- Machine learning, deep learning and statistical modeling
- Big Data
- Data Science & Data Mining
- Business Intelligence
- Artificial Intelligence

DIGITAL SECURITY

- System and Software Security
- Applied Cryptography and Security Protocols
- Biometrics and Digital Media

COMMUNICATION SYSTEMS

- Internet of Things
- 5G
- Wireless Communications
- Mobile Communications
- Mobile Networking
- Mobile Applications and Services
- Telecommunications

EURECOM

“Campus SophiaTech”

a brand new campus dedicated to ICST at the heart of Sophia Antipolis, Europe's leading science and technology park

2,330 companies

36,300 jobs

4,500 researchers

5,000 students

70 nationalities

Hands-on **Approach...**

Balanced approach between theoretical courses and supervised sessions in labs.

Guest speakers from the industry

Long semester projects on relevant topics

6-month paid master thesis/internship in a company or lab

EURECOM provides students with a huge database of internship opportunities
average monthly allowance: 1200€/month

...Enhanced employability

EURECOM offers

4 Masters in Booming Fields

Come and study cutting-edge Master Degrees taught by internationally renowned experts in high rate employment sectors.

MOBILE COMPUTING SYSTEMS
DIGITAL SECURITY
DATA SCIENCE AND ENGINEERING
INTERNET OF THINGS

EURECOM's Master's programs ("Diplôme National de Master") are 100% taught in English and fully accredited by the French State and co-delivered by the Institut Mines Télécom.

Get a competitive edge with our

2 Post Masters

**COMMUNICATIONS FOR
INTELLIGENT TRANSPORT SYSTEMS**
**SECURITY IN COMPUTER SYSTEMS
AND COMMUNICATIONS**

EURECOM's Post Master degrees are 100% taught in English and are state recognized: accreditation by the CTI (official French accreditation body of engineering studies)

EURECOM's programs carry the quality labels of :

Some of the top companies offering internship opportunities to our Master & Post Master students:

DLR, NXP, Magnetti Marelli, PSA, KMPG, Delivery Hero Germany, Technicolor, HP, Nokia, CEA, Accenture

Flexible and Relevant Curriculum

FLEXIBILITY

Students get enough time to make the right choice of courses, they can attend the first class and later confirm

RELEVANCE

Many elective courses allows students to design their own curriculum

MULTI-DISCIPLINARY

The whole catalogue of courses is open to exchange students. They can select any technical courses from the three departments

DOUBLE COMPETENCE

1/3 curriculum is made of SOFT SKILLS
Skills in Business, Innovation, Project Management...

Innovative

Learning Methods

Use of customized platforms:

- Cloud platform Zoe
- 5G OpenAirInterface

Use of cutting-edge software (Jupyter...)

Students encouraged to participate in Hacking Challenges (cf: CTF Team in Digital Security)

Individual assistance for each student **at all stages of the studies**

Feeling comfortable in a new environment is a key to successful studies.

EURECOM is a school that offers personalized support at every step of a student's life such as finding housing or dealing with administrative procedures.

EURECOM benefits from a very good professor/student ratio with 1 professor to 8 students which creates greater proximity.

These ongoing exchanges between students and staff create strong ties which last beyond the time spent at EURECOM.

Administrative assistance:
Health insurance, housing,
bank account...

Support in finding
accommodation
and internships

Awesome **Location** in the French Riviera !

Language & **Cultural Training**

A 3-week Intensive program of French language in September

Cultural visits and events all year long

Weekly French courses throughout the academic year

10 top reasons to study at EURECOM

English as the
language of work
and teaching

Teaching by
world
research
leaders
in their fields

A leading
engineering school
in the field of ICT
linked to top EU
Universities

Unique lifestyle
on the French
Riviera
between
mountains and
see !

100%
employability
6 months after
graduation

Flexibility
in building
curriculum

Strong interaction
with industry:
Access to a wide
range of professional
opportunities

Diversity and
International
environment

Location in Sophia
Antipolis: presence
of top industrial
companies

Diplomas
internationally
recognized
